Exhibiting

If anyone is interested in exhibiting part of their collection at our upcoming Labor Day Show, please contact Bill K. at nfld73h@gmail.com.

Putting together an exhibit is a great way to increase your knowledge of what you have because of the research involved in placing your material in front of the public. After all, you want to get it right.

Bill can go over with you an article about putting together an exhibit that was created by an award winning Central States exhibitor several years ago.

Exhibit space is limited, so don't procrastinate.
